SC ENERGIA ENTERPRISES este unic importator si distribuitor in Romania al produselor CLOVER COLOR

Technical spray

Polyurethane insulating varnish
Colour: transparent
Specifications : Electro-Insulating varnish of high resistance and excellent quality. It is suitable for insulation, covering, polishing and preservation of electro-engines, coils, etc.
Electrical specification
Dry.....1000 Volts per Mile
Wet.....700 Volts per Mile

Net contents: 450 ml

Polyurethane insulating varnish
Colour: red
Specifications : Electro-Insulating varnish of high resistance and excellent quality. It is suitable for insulation, covering, polishing and preservation of electro-engines, coils, etc.
Electrical specification
Dry.....1000 Volts per Mile
Wet.....700 Volts per Mile

Net contents: 450 ml

Electro cleaner spray

Clover contact cleaner is a no-flash, no-fire solvent for safe cleaning of all electrical or electronic equipment. It removes grease, grime, oil, wax, and other dirt speedily. It evaporates leaving a clean dry surface which will resist moisture and corrosion. It has no deleterious action on insulating materials or windings. It is the safest of all cleaners.

Net contents: 450 ml

Technical spray

High temperature 300-600 gr C
Quick drying spray
Colour : gray

Specifications: This is a high quality and long endurance product suitable for covering metal surfaces which can withstand high temperatures up to 600 gr C

Net contents: 450 ml

Grease spray

Specifications: This product has high resistance and his quality is one of the best. It is a long term lubricant which will entire friction's up to 150 gr C on metallic surfaces. It is one for lubricating all metallic mechanisms like sliding doors, windows, aluminium, bearings, chassis, motorcycles ,and also for any metallic surfaces that have been rusted.

Net contents: 300 cc

Varnish polyurethane insulating varnish
Penetrates throughly even trough multiple layers of taped coils. Increases dielectric strenght and leaves a tough oil-resistance film with excellent adhesion characteristics and non-tracing properties.

Penetrating spray

Specifications:
Fights corrosion. Spray trouble shooter on tools, metal or chrome to resist troublesome corrosion
Start damp engines. Just spray to plugs, plug leads, distributor and distributor leads to end trouble starting
Lubricates. For easy lubricates
Penetrates. Trouble shooter's special formula penetrates everywhere to free rusted metal parts, nuts and bolts.

Net contents : 300 cc

Net contents : 1000 ml
